

## ERRATA

None of the printer's errors in the 1611 edition of the King James Version has been corrected in this edition, so I list here the more important errors in the text of the Bible. This list does not include errors in the preliminary material (such as 'taanslations'), the chapter summaries (such as 'brothe' for 'brother' in Matthew 12), or the marginal notes and cross-references; I also exclude the many instances of 'aud' for 'and'. In cases where it is not obvious, I add the correct reading in square brackets.

Genesis 21:32, Beeer-sheba	1 Kings 9:19, disired	Psalms 34:22, redeemech
Genesis 27:36, na-ned [na-med]	1 Kings 15:29, house Iereboam [house of Iereboam]	Psalms 35:27, servant [servant.]
